## FEAR MORE LIQUIDATION

Position of Transportation Companie Considered Hopeless, No Matter What L. C. C. Decides.

What I. C. C. Decides.

New York, July 18.—Liquidation slackened today, the pressure from the bears
lessened, and prices in the main steadled.
There was no improvement in sentiment,
however, and the close was irregular,
losess predominating.

New Haven fell to a new low level,
selling at \$6.5. but efforts to cover short
contracts carried the price to \$2.1-s, with
Harry Content buying. Unless there is
an immediate resumption of liquidation,
the stock may rally further, as the short
position is over extended and the bears
lock courage or patience to sit out a
dull market.

A widely advertised drive in Steel common broke the price to \$3.5-\$. As few
stop orders were caught, however, the
stock mailed easily to within a fraction.

As few stop orders were caught, however, the stock railled easily to within a fraction stop orders were caught, however, the stock railied easily to within a fraction of the previous close. Harry and Walter Content pounded the price and apparently lost considerable stock around 53 3-4.

Many of the room traders made debits by attempting toe follow this attack for there is a popular opinion that Steel common is high, compared with other issues.

To Pay Extra Dividend.

Union Pacific directors authorized the payment of the extra dividend next Monday. As a buli argument, the news proved a frest and little speculative interests was shown in the stock. Heavy sciling orders appeared in Baltimore and Ohlo from interests who never speculate

payment of the extra dividend next Mon-flay. As a buli argument, the news proved a frest and little speculative in-terest was shown in the stock. Heavy beling orders appeared in Baltimore and Ohlo from interests who never speculate and made no attempt to sell until the distribution was confirmed. The common dropped to \$47-8 and the preferred to To 1-2, new low records for six years.

The denial of a report that Canadian Pacific contemplated a new issue of securities gave a firm tone to this stock, and the declaration of the regular divident. on Amalgamated Copper steadled this stock after early weakness. The Mexi-can news of Huerta's retirement was re-flected in the firmness of American Smel-ters and a substantial rise in Mexican

Steel Water		FOR TWO TA		

New York newspapers say;

Times—A strong underlying position is indicated.

American—The buying power under the market is poor.

Wall Street Journal—The buying on breaks is better than the selling, and prices show an inclination to rally.

Sun—Public buying is restrained by unpleasant rumors and conjectures concerning weak features and by continued liquidation.

Post—Many bear rumors are found to have originated in the fertile minds of traders.

It is rumored that a syndicate has been formed by J. P. Morgan be take over the Boston and Maine, which will be a great fail of the New Haven.

The Union Pacific executive committee has ordered payment of extra dividend on common stock on July 26.

E. & C. Randolph—Traders continued DAL TIMODE WHALLS, and DEDES MADE OF the July 28.

Partition—Color, and his continued liquidation.

Post—Many bear rumors are found to have originated in the fertile minds of traders.

It is rumored that a syndicate has been formed by J. P. Morgan be take over the Boston and Maine, which will be a great help to the New Haven.

The Union Pacific executive committee has ordered payment of extra dividend on common stock on July 26.

E. & C. Randolph—Traders continued

mas ordered payment of extra dividend on common stock on July 28.

E. & C. Randolph—Traders continue to hunt for soft spois, but have found none. Profits based on fransactions in the Rock Island securities, when issued under the proposed plan, are selling on the curb for 25 cents on the dollar, which would seem to indicate pretty strongly that the plan is not going through. To say the least, the present Rock Island administration has been unsuccessful, and there is no good reason why they should be continued in power.

Grain—Wheat: Livetpool was unchanged. Weather in Northwest generally fifts, but there were general rains both in our spring wheat country and in Western Canada the past try and in Western Canada the past developments Northwest.

Gron—The weather map shows only light showers at one or two points in the corn belt, and temperatures continued high.

Oats—Shipping demand good, and new oats beginning to move more freely.—S B Chapin & Co.

## CAN SCATTER B. & O. STOCK.

New York, July 16.—Supreme Court Justice Page handed down a decision today dismissing the complaint of Joseph T. McCaddon and others, who sought to prevent the Union Pacific Railroad from distributing \$74,020,372 worth of Baltimore and Ohio stock held in the Union Pacific treasury, to the stockholders. This decision is practically the same as that handed down by the Court of Appeals the suit brought by the yesterday in the suit brought by Equitable Life Assurance Society.
